

In the Claims

Please amend the claims as follows.

C 4 1
28. (once amended) The wire of Claim 25 wherein the diameter of the ^{coil} wire is approximately [0.001] 0.010 -0.020 inch.

Remarks

Claims 1-24 were originally with the Application and cancelled by way of a preliminary amendment. Claims 25-34 were added by the preliminary amendment. By the present amendment, Claim 28 has been amended. Therefore, Claims 25-34 submitted for substantive examination on the merits.

Claims 25-31 and 34 were rejected as double-patterning over Claims 13-23 of U. S. Patent 5,122,136, upon which the present Application is a copending continuation in part. Applicant hereby submits a terminal disclaimer in compliance with the Examiner's request.

Rejection Pursuant to 35 U.S.C. 112, first paragraph

Claims 32 and 33 were rejected as failing to be supported by the specification. Examiner argued that the filament embodiment of Fig. 6 was not originally disclosed to include a metal coil forming a cylindrical or conical envelope. The Applicant respectfully disagrees for the following reasons.
